

Year Group: 1

Term: Spring 2

Teachers: Mrs Styles, Mrs Chambers/Mrs May

Literacy

Poetry - Sunny Spring

We will perform the poem 'Sunny Spring'.
We will explore alliteration and invent
our own springtime poems using present tense verbs.

Non-Fiction - Recounts

We will look at the features of recounts and write
our own recounts of different events.

*Remember to practise your spellings at home! You can find
your spellings on the Year 1 page on our school website.*

Science - Plants and Trees

We will name and identify some common
flowering plants, including trees, and identify
their basic structure.

We will notice the differences between Autumn,
Winter and Spring.

PE - Gymnastics and Multi Skills

We will continue to develop our gymnastic
skills to create a sequence of movements.

We will work on a variety of skills (e.g. ball
control, running, throwing, jumping, skipping).

Design & Technology - Making a Pencil Pot

We will design, make and evaluate a
structure and explore how we can make
it stronger, stiffer and more stable.

Music - Learning to Listen

We will explore how to listen with our eyes
and ears and to also feel sound in our
bodies. We will think about how
music can help us to understand
our neighbours.

Spring

Geography - What is the weather like in the UK?

We will use maps and atlases to locate the four
countries in the UK and identify the four compass
directions. We will identify seasonal changes in the
UK and daily weather patterns. We will understand
how the weather changes with each season.

RE - The Easter Story

We will listen to The Easter Story and
we will explore how and why Easter is
celebrated by Christians.

ICT - Action Algorithms!

We will apply the concept of algorithms and
instructions to a variety of contexts, both
digital and analogue (e.g. recipes and dance routines).

PSHE - Who to Trust

We will recognise how we contribute to life in the
classroom and around school.

We will discuss what helps and harms our locality.

We will recognise that we are all unique and we will
know that we belong to different communities.

Maths

We will add and subtract numbers within 20. We will learn about and use number bonds to ten. We will double and halve numbers and use this knowledge to calculate near doubles and near halves. We will learn about and create our own number lines and use these to help us to add and to subtract within 20.
