

Personal Social and Emotional Development

We will:-

- Prepare for the move to our next class. We will talk about growing older, how we have changed and our next steps. We will visit our new classes and meet our new teachers.
- Learn how to resolve our differences without adults intervening.
- Learn how to think about how others might feel - empathy.
- Learn how to challenge undesirable behaviour e.g. what to do if someone tells you to do something you shouldn't.

Understanding of the World

We will:-

- Learn about the features of a sea shore environment and the creatures that live there.
- Compare the beach environment to a woodland.
- Describe natural and manmade beach detritus and learn about the dangers to wildlife from manmade rubbish.
- Learn about the story of Grace Darling and compare to present time.
- Learn about our local seaside in the past.

Maths

We will:-

- Learn the number bonds to 10.
- Learn the doubles and halves within 10.
- Make linear patterns.
- Sort 3D shapes according to properties.
- Create circular and symmetrical designs with 2D and 3D shapes.
- Learn how to share quantities equally.
- Learn about money including the value of coins. (Money week 10th June).

Beside the Sea

Physical Development

We will:-

- Join materials with split pins and treasury tags.
- Build and create with a wide range of small and large materials.
- Bounce, roll, kick, throw and catch balls on the spot or on the move.
- Practise the skills we will need for sports day.
- Use gardening tools and plant edible seeds and plants.

Expressive Art and Design

We will:-

- Create our own designs with natural materials e.g. shells, and pebbles.
- Draw shells, sea weed and sea creatures.
- Shape and mould wet sand and clay with hand tools to create different effects.
- Make up our own stories and act them out.
- Learn simple sea shanties.
- Listen to Caribbean music and know that countries have different musical traditions.
- Learn about paintings of Grace Darling (Artist - Thomas Brooks).

Communication Language and Literacy

- We will learn to re tell the story of Owl Babies. We will use this story to make up our own stories by changing characters.
- We will practise writing in sentences with finger spaces and full stops.
- We will write longer compositions and make up short stories.
- We will learn facts about sea creatures and write fact files.
